Reasons for Allowance

1. Applicant's response to the last Office Action filed on February 4, 2008 has been entered and made of record.

2. Claims 1 and 3 through 7 are allowed. These claims will be renumbered as 1 through 6.

3. The following is an examiner's statement of reasons of allowance:

Independent claim 1 is allowable over the prior art of record. Independent claim 1 recites the limitations of performing directional shifting by *splitting the blocks into a plurality of groups of pixels which are distributed extensively uniformly over the blocks, in that for each block and each group, the minimum of the corresponding values is formed, in that, for each block, the mean value is calculated by means of the minimum values of the groups and in that the mean value is stored as a property of the respective block..*

The closest reference Yau et al. (US 6,876,757 B2) and Tico et al. in combination disclose a particular manner of performing the directional shifting by means of a one dimensional averaging mask. The gray value of each pixel is replaced with the average gray value of pixels symmetrically located on both sides of each pixel along the local ridge orientation. However, none of them, either by itself, or by combination, teaches the limitation of using the mean value calculated for each tile by means of the group minimum and further that

Art Unit: 2624

those groups are distributed extensively uniformly over the block. As stated in the specification, this yields the benefit that "through the balanced use of minimum and mean values, the ridges have a considerable influence on darkening, while few changes occur in the areas outside the region of interest."

4. In view of the amended claims and the Applicant's arguments, the new Independent claim 1 and all dependent new claims are allowed. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
